

1.feladat: Add2Cart gomb: sel.: button.btn.btn-success.btn-lg, 1 találat a Console-ban, teszt acc. stable.

The screenshot displays a web browser window with the URL `https://www.demoblaze.com/product/index.php?idp=1`. The page is titled "PRODUCT STORE" and features a navigation bar with links: Home, Contact, About us, Cart, Log In, and Sign up. The main content area shows a product listing for the "Samsung galaxy s6" priced at "\$360" (including tax). The product description states: "The Samsung Galaxy S6 is powered by 1.5GHz octa-core Samsung Exynos 7420 processor and it comes with 3GB of RAM. The phone packs 32GB of internal storage cannot be expanded." Below the description is a green "Add to cart" button.

The browser's developer tools are open, showing the HTML structure and the console output. The HTML structure is as follows:

```
<div class="product-content product-wrap clearfix">
  <div class="row">
    <div class="col-md-5 col-sm-12 col-xs-12">
      <div class="col-md-7 col-sm-12 col-xs-12">
        <div class="name">Samsung galaxy s6</div>
        <div class="price-container">
          <div class="description description-tab">
            <div class="row">
              <div class="col-sm-12 col-md-6 col-lg-6">
                <a href="#" onclick="addToCart(1)" class="btn btn-success btn-lg">Add to cart</a>
              </div>
            </div>
          </div>
        </div>
      </div>
    </div>
  </div>
</div>
```

The console output shows a single message:

```
> document.querySelectorAll('button.btn.btn-success.btn-lg').length
1
```

2.feladat: Event: "click" handler van, gomb JS fn hív (pl. add2cart()), src fájl: store.js.

The screenshot shows a web browser window displaying a product page for the Samsung Galaxy S6. The page has a blue header with navigation links: Home, Contact, About us, Cart, Log In, and Sign up. The main content area features a product image of the Samsung Galaxy S6, its price (\$360), and a description. Below the product information is a green "Add to cart" button. The browser's developer tools are open, showing the Console tab with a log entry: "a.btn.btn-success.btn-lg 148.59 x 51". The Elements tab shows the DOM structure, highlighting the "Add to cart" button. The Network tab shows a successful request to the "add2cart" endpoint.

This screenshot is similar to the one above, but it also shows the Network tab in the developer tools. The Network tab displays a list of requests, with the "add2cart" request highlighted. The "Request Payload" tab shows the data sent in the request, including the product ID and the quantity. The Console tab still shows the successful button click event.

3.feladat: Net.: XHR megy, req.: product id, resp.: OK, szerver visszaigazol.

The screenshot shows a web browser displaying a product page for a Samsung Galaxy S6. The page has a blue header with the 'PRODUCT STORE' logo and navigation links: Home, Contact, About us, Cart, Log In, Sign up. The main content area features a product image of the Samsung Galaxy S6, its name 'Samsung galaxy s6', a price of '\$360 \*includes tax', a product description, and an 'Add to cart' button. Below the product information is an 'About Us' section and a 'Get in Touch' section with contact details. The footer includes a copyright notice for 'Product Store'.

The Chrome DevTools Network tab is open, showing a list of network requests. The selected request is a POST to 'https://api.demoblaze.com/addtocart' with a status of 200 OK. The 'Headers' panel shows the following details:

- General:** Request URL: https://api.demoblaze.com/addtocart, Request Method: POST, Status Code: 200 OK, Remote Address: 142.250.100.243:443, Referer Policy: strict-origin-when-cross-origin.
- Response Headers:** Access-Control-Allow-Credentials: true, Access-Control-Allow-Origin: https://www.demoblaze.com, Content-Length: 0, Content-Type: text/html; charset=utf-8, Date: Tue, 04 Nov 2025 09:31:38 GMT, Server: Google Frontend, Vary: Origin, X-Cloud-Trace-Context: Flba462bb9fc21743c78005a0431b49d0cs=1.

The Console tab shows a single message: 'underlined > document.querySelectorAll('button.btn-success.btn-lg').length'.

4.feladat: Throttling: Slow3G-n UI spinner jön, no critical err. Net delay látszik.

The screenshot shows a web browser window with the URL `https://www.demoblaze.com/prod.html?idp=1#`. The page is a product listing for a Samsung Galaxy S6. The main content area features a product image, the name "Samsung galaxy s6", a price of "\$360 \*includes tax", and a green "Add to cart" button. Below the product description, there are sections for "About Us" and "Get in Touch".

The right sidebar displays the Chrome DevTools interface. The Network panel is active, showing a list of requests. The selected request is a POST to `/addtocart` with a status of 200. The Headers tab shows the request headers, including `authority: api.demoblaze.com`, `method: POST`, `path: /addtocart`, `scheme: https`, `accept: */*`, `accept-encoding: gzip, deflate, br, zstd`, `accept-language: hu-HU;q=0.6`, `content-length: 123`, `content-type: application/json`, `origin: https://www.demoblaze.com`, `priority: u=1`, `referrer: https://www.demoblaze.com/`, `sec-ch-ua: "Chromium";v="142", "Brave";v="99"`, and `sec-ch-ua-platform: "Windows"`.

The Console panel shows a series of messages, including a warning about a "load" handler taking too long. The messages are as follows:

- [Violation] "load" handler took 100ms
- [Violation] "load" handler took 1590ms
- [Violation] "load" handler took 1260ms
- [Violation] "load" handler took 293ms
- [Violation] "load" handler took 970ms
- [Violation] "load" handler took 1800ms
- [Violation] "load" handler took 1942ms

5.feladat: Login req/resp diff: hibás acc.-nál resp. error, jó acc.-nál OK. Különb. a response msg-ben.

The screenshot shows a web browser window with a login form overlay on a 'PRODUCT STORE' page. The login form has fields for 'Username' (containing 'Pearoo') and 'Password' (masked with dots), and buttons for 'Close' and 'Log in'. Below the form is an 'Add to cart' button. The background page includes an 'About Us' section, 'Get in Touch' contact information, and a 'PRODUCT STORE' logo.

The Chrome DevTools interface is open on the right. The 'Network' panel shows a list of requests, with the 'login' request selected. The 'Response' tab for the 'login' request displays a JSON object: 

```
{ "errorMessage": "User does not exist." }
```

. The 'Console' panel shows several messages, including a user message and multiple Sentry error reports for 'load' handler timeouts.
